2021-2024  
IMPACT  
REPORT

**CONFIRMING 42 IS A GOOD ANSWER FOR SWITZERLAND**

**ASSESSING TANGIBLE IMPACT ON STUDENTS**

**EVALUATING TANGIBLE IMPACT ON PARTNERS**

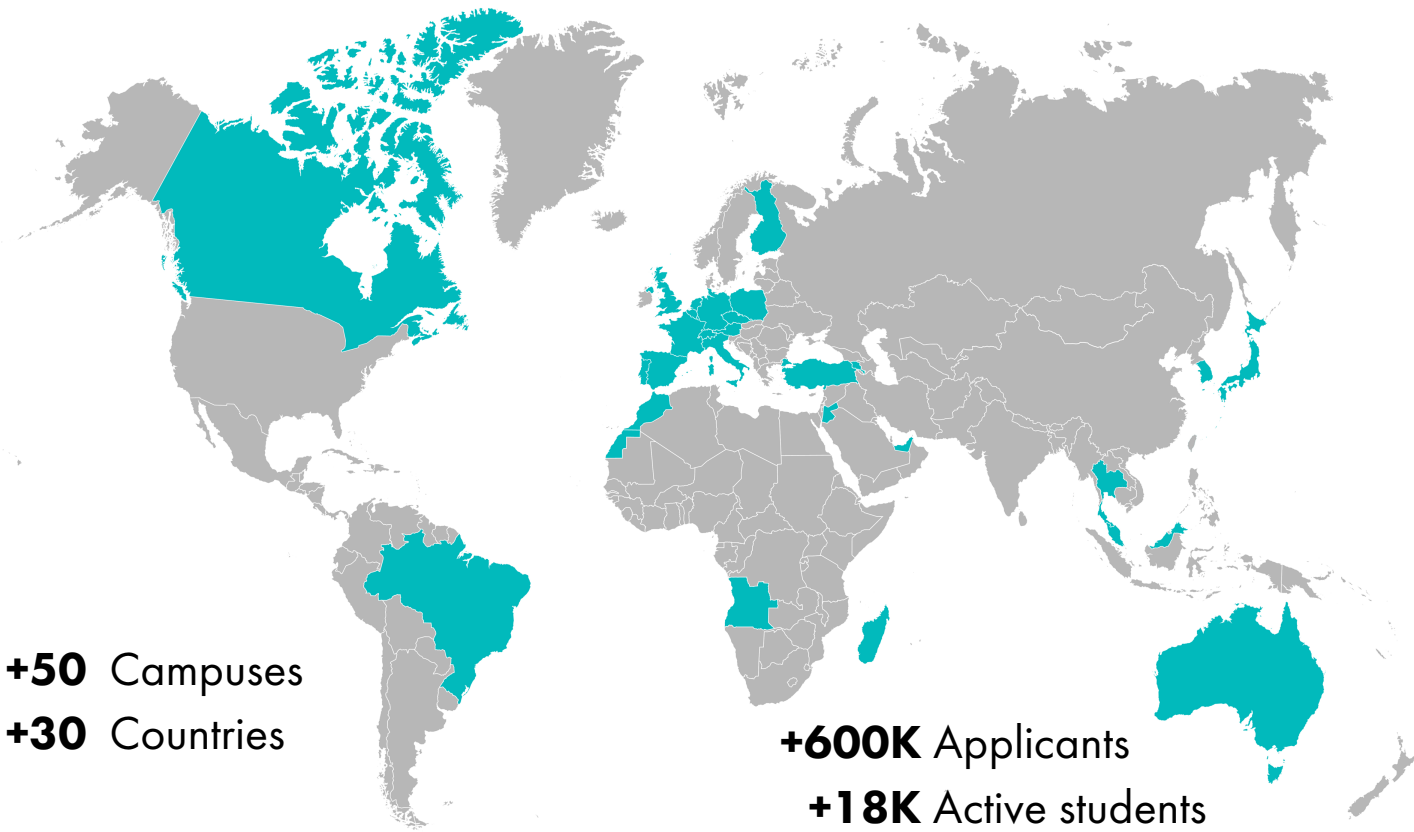

Founded in 2013, the non-profit computer programming school 42 has developed **a scalable solution for training IT talent.**

- **free IT education**
- **no formal academic requirements**
- **skill-based, peer to peer learning**
- **embracing diversity**
- **supporting underserved communities**

# WITH POSITIVE IMPACT ON SWISS ECONOMY

digital**switzerland**

the Swiss economy will face

**42** | LAUSANNE

address this challenge

**38'700**

**ICT TALENTS SHORTAGE**  
by 2040\*

**31'000'000**

**CHF LOSS OF VALUE CREATION**  
by 2040\*

**+5'100**

**NEW ICT SPECIALISTS**  
on the market by 2040  
with 42 Lausanne & Zürich

**+150**

**STUDENTS**  
selected every  
year/campus

**2**

**CAMPUSES**  
from 2025

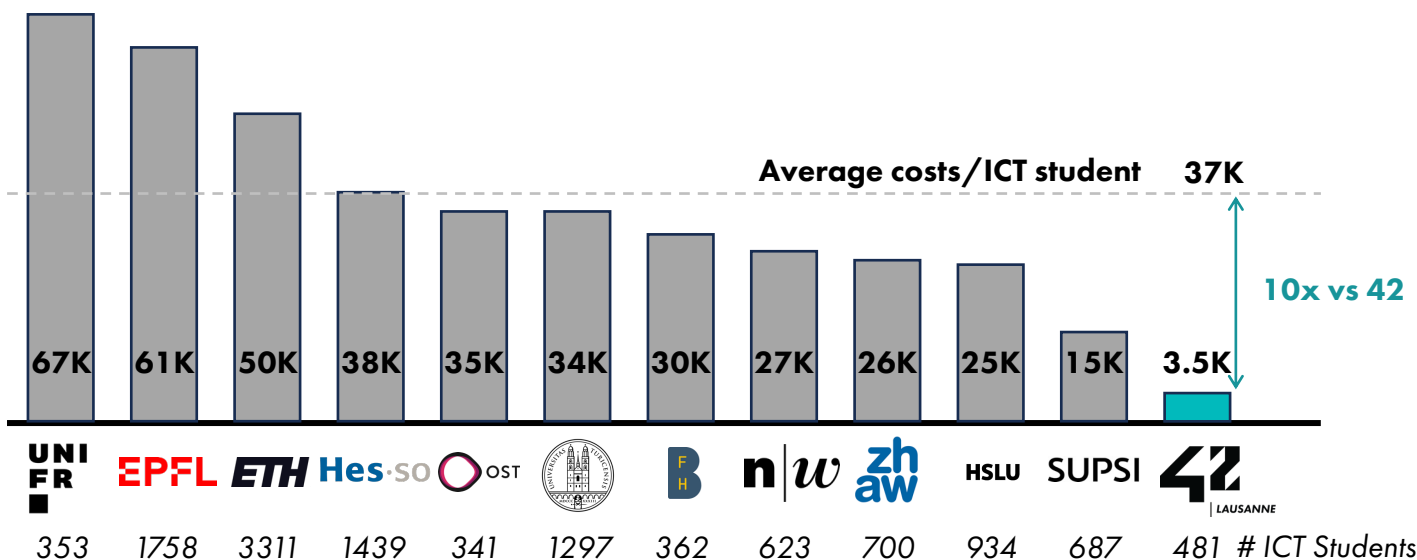

\*Study of 2022 by the Institute for Economic Studies Basel

**In just 3 years, 551 students selected, from whose 144 are now working in the Romandie ICT market.**

**Every year, +150 more motivated ICT specialists.**

**42 Zürich will double our capacity to reach +5'100 more ICT talents outside the traditional academic path by 2040.**

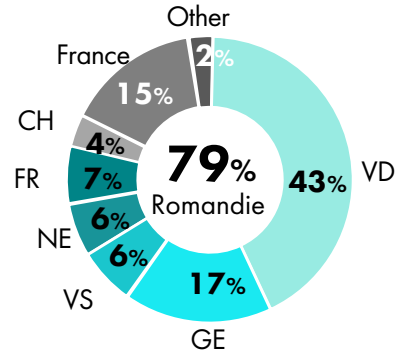

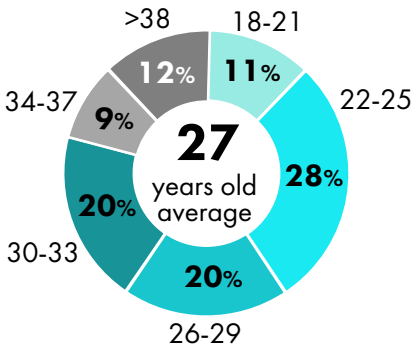

**The academic full cost is only 3'500 CHF/students/year.**

# BY ADDRESSING DIVERSITY OF PROFILES

Support career transitions to ICT for people in Romandie who don't fit the classic academic profiles

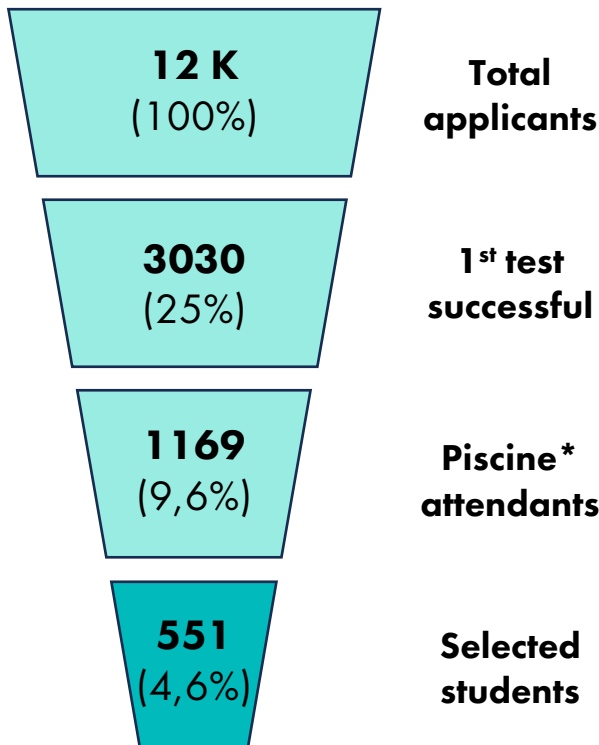

Data based on a survey sent to all 551 students, with 215 responses in June 2024

Open to everyone, but sharp selection funnel to identify key talents

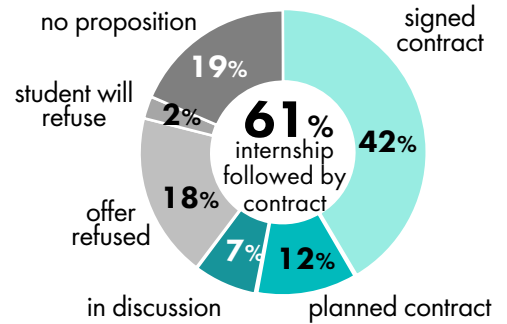

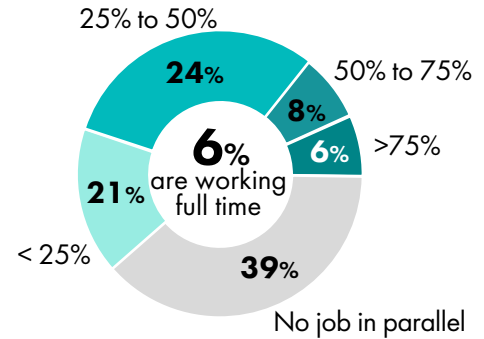

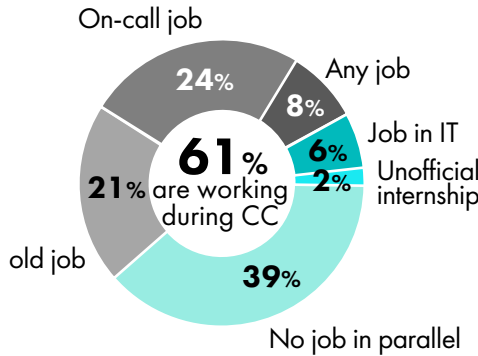

Selection process in 42 Lausanne since 2021

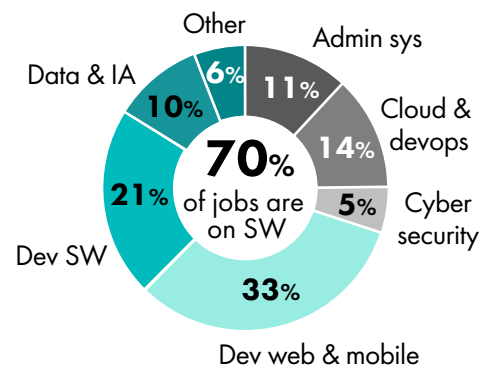

\*The 2<sup>nd</sup> test of the application processus, a coding bootcamp of 4 weeks
